

What does this little card mean?

The person who carries this card by force of Arizona Law:

Has passed an Arizona DPS Background Check.

Has taken 16 hours of law & situation training.

May be an Honorably Retired Police Officer.

Cannot drink alcohol while in your business.

Must have their gun concealed in your business.

What does this sign really say?

It says you do not want law-abiding, trained, honest gun owners, their families or guests to spend their money in your establishment.

Do you really think criminals will honor this sign?

The only people you will keep out are the honest citizens who want to spend their money in your business. With over 143,000 permit holders in AZ, and thousands from dozens of other states who have permits recognized by the State of Arizona; we represent a large percentage of your business.

We ask that you reconsider your policy and welcome us.
